

**Help requested – donations of Kitchen and Laundry items to Mother Hubbard’s Cupboard:**

I want to ask for your help with a project that CVC Tearfund Action Group have been working on since September 2021. In response to a need identified by a connection with Mother Hubbard’s Cupboard, we started putting together baskets of kitchen and laundry items. We take 5 baskets a month to Mother Hubbard’s Cupboard who in turn give them to women who are relocating to a new home after escaping from Domestic Violence. They are also given to people who have experienced homelessness and have been able to move into new accommodation.

Our 5 baskets a month are not keeping up with the need. Another 5 baskets per month would be closer to meeting demand. So we are looking for people to partner with us in this project, so that we can supply more baskets each month.

I have a list of items below that you could nominate to bring each month. Perhaps you could choose one, two or more items and add 5 of them to your grocery cart once a month, then bring it to church on the 4<sup>th</sup> Sunday. If you are willing and able to help, please talk to Heather after church. It would be a huge blessing to those in our community who are doing it tough. Thank you!

Can you help supply another 5 baskets of Kitchen and Laundry items per month?
